Meet “Elizabeth” - Backing onto River |
Meticulously Maintained | West Facing
Backyard Oasis -

Welcome to an extraordinary luxury
brownstone that rarely comes to market,
nestled directly along the Elbow River and
offering an unparalleled blend of tranquillity
and urban convenience. This timeless
residence backs onto the water, providing a
peaceful oasis in the heart of the city. While
located downtown, it doesn’t feel like it,
offering a rare sense of calm just a 15-minute
walk from downtown.

Inside, you'll find beautifully Merbau hardwood
flooring flowing seamlessly across all three
levels (main floor refinished 2023),
complemented by timeless plantation shutters
and abundant natural light from newer
windows and a skylight. The main floor
features a spacious living room with crown
molding and a cozy fireplace, leading into a
sun-drenched chef’s kitchen overlooking
the river's edge and pathway. The kitchen is
outfitted with a gas range, double fridge,
granite countertops, and elegant French doors
that open onto a backyard sanctuary. Outside,
the experience continues with an expansive
patio, a pergola, a built-in BBQ, a serene
water feature, lush trees, blooming rose
bushes, and even a doggy door for your
four-legged companions.

Upstairs, two expansive primary suites provide
elevated comfort. One offers a private
four-piece ensuite, while the other impresses

with sweeping river views, a generous walk-in closet, and a five-piece ensuite featuring a luxurious steam shower. This level also includes a laundry area and an elevated utility room, as well as a new on-demand hot water tank (2022) and a new hot water tank (2022) that powers the efficient in-floor heating throughout the home. All Poly-B plumbing has been removed, ensuring long-term peace of mind.

The third floor is a remarkable retreat, offering panoramic views of the winding Elbow River from a large private deck. A spacious bonus room on this level provides the perfect setting for a second living area, creative studio, or home office, while a third bedroom and stylish three-piece bathroom complete the space.

The lower level offers both function and flexibility, featuring a large storage room and a unique garage with durable epoxy floors and an adjoining area ideal for a workshop or potential tandem triple garage conversion. An additional storage space tucked under the front stairs adds even more versatility.

With central air conditioning (2022), French doors, hardwood throughout, newer windows, and elegant finishings, every detail of this home reflects thoughtful design and enduring quality. Located along Calgary’s extensive river pathway system and just steps to the MNP Community & Sport Centre, Stampede Park, the LRT, and the shops and restaurants of Mission, this rare property offers a lifestyle that is both serene and supremely connected.
