Attention builders, investors, and those looking to put in the work to create value, this property presents an incredible opportunity. Situated on a 50' by 122' lot with a desirable west-facing yard, this bungalow offers excellent potential. The main level includes a spacious and bright living room, two very large bedrooms that could easily be converted back into three bedrooms, and a generously sized kitchen that provides plenty of space for family meals and future upgrades. The basement is partially developed and already provides additional living area while still leaving ample room for you to design and complete it to your exact specifications, adding even more functionality to the home. The exterior of the property is just as impressive. The fully fenced yard provides a private setting that is ideal for summer barbecues, family gatherings, and outdoor entertaining. One of the standout features is the oversized triple garage and shop, which is fully insulated, drywalled, and equipped with high ceilings and heaters, making it a dream space for a mechanic, a car collector, or anyone in need of a serious workshop.
